You have remained in right site to begin getting this info. get the Mosbys Essentials For Nursing Assistants 4th 10 By Phd Sheila A Sorrentino Rn Msn Paperback 2009 belong to that we come up with the money for here and check out the link.

You could purchase lead Mosbys Essentials For Nursing Assistants 4th 10 By Phd Sheila A Sorrentino Rn Msn Paperback 2009 or acquire it as soon as feasible. You could quickly download this Mosbys Essentials For Nursing Assistants 4th 10 By Phd Sheila A Sorrentino Rn Msn Paperback 2009 after getting deal. So, taking into account you require the ebook swiftly, you can straight get it. Its therefore definitely easy and consequently fats, isnt it? You have to favor to in this reveal

The British National Bibliography Arthur James Wells 2001
Biomechanica van het spier-skeletstelsel Chris J. Snijders

2017-07-14 Het succesvolle Amerikaanse boek Basic biomechanics of the skeletal system is inmiddels verschenen in onder andere de Zweedse, Chinese en Japanse vertaling. Ook de Nederlandse vertaling en bewerking werd enthousiast ontvangen. Deze vierde, licht gewijzigde druk van Biomechanica van het spier-skeletstelsel geeft opnieuw op heldere wijze en met vele illustraties inzicht in de belangrijkste biomechanische begrippen die men tegenkomt in de diagnostiek, de behandeling, de revalidatie en de preventie van letsels van het bewegingsapparaat. Het boek bevat hoofdstukken over heup, knie, enkel, voet, schouder, elleboog, pols, hand, halswervelkolom, lendewervelkolom en bekken. Hierin worden de mechanische eigenschappen besproken van bot, kraakbeen, pezen en ligamenten. Bovendien worden er relaties gelegd tussen een ongunstige belasting en het ontstaan van klachten, zoals lage rugpijn en een tenniselleboog. Biomechanica van het spier-skeletstelsel bevat veel voorbeelden uit de praktijk, die bijeen zijn gebracht door een orthopedisch chirurg, een fysiotherapeut en een ingenieur. Lichaamshouding staat centraal bij de onderwerpen bukken en tillen, staan, zitten en liggen. De houding van het lichaam houdt immers ten nauwste verband met de eisen die men moet stellen aan schoenen, stoelen, bedden en werkplekken. De veelheid aan informatie maakt het boek geschikt als leerboek voor verscheidene studierichtingen (medici en paramedici). Zelfstudie wordt vergemakkelijkt door middel van oefenopgaven met essay- en multiple-choicevragen. Prof.dr.ir. C.J. Sniijders, de Nederlandse vertaler en bewerker van deze publikatie, is als hoogleraar verbonden aan het Erasmus MC, Universitair Medisch Centrum Rotterdam en aan de Faculteit Industrieel Ontwerpen van de Technische Universiteit Delft. Hij publiceerde talrijke wetenschappelijke artikelen in nationale

en internationale tijdschriften.

Pediatric Nursing - E-Book Debra L. Price 2014-04-11

Covering evidence-based pediatric nursing care from infancy through adolescence, *Pediatric Nursing: An Introductory Text*, 11th Edition provides a clear, easy-to-read guide to pediatric nursing for LPN/LVN students. Content in this edition is reorganized for a "best of both worlds" approach to pediatric nursing, with early chapters devoted to normal growth and development by age group followed by chapters covering the most common childhood disorders grouped by body system. Updated coverage reflects the latest issues in pediatric nursing care, including childhood obesity and teenage pregnancy. Clinical Snapshots and Nursing Care Plans with critical thinking questions show how to apply the nursing process in real patient care scenarios. Written by noted pediatric nursing educators Debra L. Price and Julie F. Gwin, this market-leading textbook provides the essential knowledge you need to succeed in LPN/LVN practice. Reading Level: 9.6 Nursing Care Plans with critical thinking questions reinforce problem-solving skills as the nursing process is applied to pediatric nursing, with NEW critical thinking answer guidelines provided on the companion Evolve website Evolve to help you understand how a care plan is developed and how to evaluate care of a patient. UNIQUE! Free, built-in Study Guide includes scenario-based clinical activities and practice questions for each chapter. Complete, concise coverage of evidence-based pediatric nursing care includes cultural and spiritual influences,

complementary and alternative therapies for pain management, and pediatric psychophysiologic responses to bioterrorism and threats of bioterrorism. UNIQUE! Clinical Snapshots describe patient scenarios and include photographs of pediatric assessment and specific disorders, helping you apply critical thinking skills to clinical situations. Did You Know boxes list assessment data to help you recognize possible pediatric disorders. Nursing Brief boxes stress key points and help in prioritizing information. Communication boxes offer tips and techniques for successful nurse-patient-family communication. Health Promotion boxes and content highlight family-centered care, wellness, and illness prevention. Home Care Considerations boxes address home care issues for children with chronic illnesses and congenital disorders as well as community-based care issues including immunization, nutrition, and overall health promotion. UNIQUE! LPN Threads make learning easier, featuring an student-friendly reading level, key terms with phonetic pronunciations and text page references, chapter objectives, special features boxes, and full-color art, photographs, and design.

150 ECG-Problemen John R. Hampton 2016-06-02 In 150 ECG-problemen vindt u een selectie van klinische problemen met daarbij de relevante ECG's. U wordt uitgedaagd deze ECG's eerst zelf te interpreteren in het licht van de patient en de kliniek. Vervolgens neemt u een besluit en formuleert u een plan van aanpak, voordat u de interpretatie bekijkt. De ECG's variëren van eenvoudig tot moeilijk en staan in een willekeurige volgorde. Aan een kant van de pagina staat het probleem met bijbehorende ECG, op de andere zijde staat het antwoord met de bevindingen en de toe te passen behandeling. Dit boek is door Piet Machielse, spoedeisende hulp verpleegkundige, vertaald uit het engels. De auteur van

de Engelstalige versie John Hampton, heeft zoveel mogelijk de werkelijkheid nagebootst. Net als in de praktijk komen in willekeurige volgorde complexe en minder complexe vraagstukken aan bod. Hierdoor is het boek geschikt voor lezers van verschillende niveaus; van student tot specialist en van verpleegkundige tot afdelingsarts. Kortom: 150 ECG-problemen is een uniek boek met bijzondere ECG's. Een must voor de ECG-freaks onder de verpleegkundigen, specialisten en voor de arts in opleiding. En een praktisch boek voor geïnteresseerden die ECG's willen leren lezen en hun vaardigheid daarin willen bijhouden."

Forthcoming Books Rose Arny 2003

Basic Geriatric Nursing Gloria Wold 2004 Part of the popular LPN Threads series, this concise text presents the theories and concepts of aging, the physiologic and psychosocial changes and problems associated with the process, and appropriate nursing interventions. With its easy-to-read, clear writing style, this text provides exactly the right depth and breadth of geriatrics content for LPN/LVNs. Clear, concise, consistent writing throughout. Nursing Process section (in appropriate chapters) provides a strong framework for the discussion of the nursing care of the elderly patient as related to specific disorders. Essential ethical and legal issues are presented as they relate to end-of-life care, restraints, and elder abuse. Clinical Situations provide individualized cases for students to study and learn from. Nursing Interventions are grouped according to health care setting to make it easier to determine the appropriateness of individual interventions for different patient populations. All-in-one Student Activities workbook is included in a perforated section at the back of the book and includes NCLEX-style multiple-choice questions as well as the new NCLEX-style questions (short-answer and fill-in-the-blank) to help students review chapter content and

prepare for the NCLEX exam(answers are found in the Instructor's Resource Manual). New chapter on end-of-life care addresses essential content for both institutional and the home setting, including information on palliative and hospice care, pain management, and how belief systems affect the dying person and caregivers. Delegation, leadership, and management content is integrated throughout to address the changing role of LPN/LVNs. Delegation Considerations boxes address such topics as restraints, elder abuse, and end-of-life care as related to responsibilities of nursing assistants and other health care workers who are supervised by LPN/LVNs. Second color added to the design adds visual appeal and helps to emphasize key content. Cultural Considerations boxes help students understand how to provide culturally sensitive patient care. Complementary and Alternative Therapy boxes address popular therapies that are used in pain relief and other treatments. Patient Teaching boxes instruct and inform both elderly patients and their caregivers about health promotion, prevention, and age-specific interventions. Critical Thinking boxes pose questions designed to stimulate thought and help students develop and improve their ability to think critically.

Voel met mij Indigo Bloome 2013-02-20 Psychologe
Alexandra Blake is door haar minnaar Jeremy Quinn in seksuele zin wakker gekust. Na een erotische ontdekkingsreis is zij tot het uiterste verleid. Maar dan wordt ze in Londen op verdacht professionele wijze ontvoerd en speelt ze ineens de hoofdrol in een gevaarlijk spel: haar ontvoerders hopen namelijk met haar hulp de donkerste enigma's van de vrouwelijke seksualiteit te ontdekken. Ze kan niet ontsnappen, maar weet ook niet zeker of ze dat wil. Hoe ver zal Alexandra gaan om haar verlangens en nieuwsgierigheid te bevredigen? Gaat dit spel haar te ver, of

is de hoofdprijs het spel misschien waard? Voor de lezers van *Speel met mij, Negentig dagen Genevieve en Vijftig tinten Grijs*.

Delmar's Clinical Medical Assisting Wilburta Q. Lindh 1998
Delmar's complete learning system prepares students to become multiskilled medical assistants for the 21st Century! This new full-color clinical medical assisting textbook is part of a dynamic learning system that includes study guide software, workbook, video series, CD-ROM, and instructor-support materials. Together, these learning tools integrate essential and advanced competencies set forth by the AAMA's role delination study, emphasizing clinical procedures, interpersonal communications, and changes in the health care setting including standard precautions and managed care. The text is written not by just one or two individuals, but by twenty talented experts who provide students with a thorough understanding of the clinical medical assisting fundamentals. The entire learning system is complemented by "Real-life" characters and scenerios from the field of medical assisting--a feature not found in any other text! De valkentroon Karen Miller 2015-05-27 De Valkentroon is het eerste deel in Karen Millers gloednieuwe, epische fantasyreeks *De Kroon van Hebzucht, Macht en Strijd*. Miller maakte eerder naam met *Koningmaker, Koningbreker en Spreker voor de God*, en is een van de bestverkopende fantasyauteurs, met wereldwijd meer dan een miljoen verkochte exemplaren op haar naam. In een uiteengevallen koninkrijk betaalt iedereen de bloedige prijs van ambitie Een kind van adellijke afkomst heeft zijn zinnen gezet op het

terugveroveren van zijn vaders troon. Een bastaardheer die in opstand komt tegen zijn tirannieke neef vergiet meer bloed dan hem lief is. De weduwe van een hertog tart, in een poging haar dochter te beschermen, de ambitieuze heren die hen beiden in hun macht hebben. En twee broers, met heel verschillende ambities, ontdekken de ware betekenis van verraad. Niets blijft zoals het was. Huizen zullen vallen, koninkrijken herrijzen, maar zij die strijden om de Valkentron zullen elke stap met bloed moeten betalen. 'Dit verhaal is complex en fascinerend; fans van George R.R. Martin en Joe Abercrombie opgelet!' Publishers Weekly

Mosby's Textbook for Nursing Assistants Sheila A. Sorrentino 2008 Provides complete coverage of the nursing assistant's role and responsibilities on the health care team.

Mosby's Essential Sciences for Therapeutic Massage - E-Book Sandy Fritz 2020-02-14 Get the science background

you need to master massage therapy! Mosby's Essential Sciences for Therapeutic Massage, 6th Edition provides full-

color, easy-to-read coverage of anatomy and physiology, biomechanics, kinesiology, and pathologic conditions for the entire body. Realistic examples apply A&P content directly to the practice of massage therapy, and learning activities help you review key material and develop critical thinking skills. Written by noted massage therapy educators Sandy Fritz and Luke Allen Fritz, this guide provides a solid foundation in the sciences and positions you for success on licensing and certification exams. Coverage of essential sciences and practical application helps you study for and pass licensing and certification exams, including the Massage and Bodywork Licensing Examination (MBLEx) and Board Certification in Therapeutic Massage and Bodywork (BCTMB). Over 700 full-color line drawings and photos show muscle locations, attachments, and actions — required knowledge for passing certification exams and for practicing massage therapy. ELAP-compliant content ensures that your skills and knowledge of massage therapy meet the proficiency recommendations of the Entry-Level Analysis Project. Learning features include chapter outlines, objectives, summaries, key terms, practical applications, multiple-choice review and discussion questions, plus workbook sections on Evolve. Biomechanics Basics chapter includes gait assessment and muscle testing activities along with critical thinking questions. Sections on pathologic conditions include suggestions for referral protocols as well as indications and contraindications for therapeutic massage. Coverage of nutrition explains how nutrition and nutritional products might affect or interfere with massage therapy, describing the basics of nutrition, the digestive process, and all of the main vitamins and minerals and their functions in the body. Practical Applications boxes include photos of massage techniques and settings, and help you learn

competencies and apply material to real-world practice. Focus on Professionalism boxes summarize key information about ethics and best business practices. Mentoring Tips provide practical insight into important topics and on being a massage therapy professional. Learning How to Learn boxes at the beginning of each chapter make it easier to comprehend key concepts. Learn More on the Web boxes in the book and on Evolve suggest online resources for further reading and research. Quick Content Review in Question Form on Evolve reinforces the key material in each chapter and increases critical thinking skills. Appendix on diseases/conditions provides a quick reference to indications and contraindications, showing how pathologic conditions may affect the safety and efficacy of therapeutic massage.

Gastroenterology Nursing 2003

Lokale anesthesie in de tandheelkunde J.A. Baart 2013-08-17 Lokale anesthesie in de tandheelkunde is een leesbaar praktijkboek met kwalitatief hoogwaardige anatomische tekeningen en foto's in kleur. Het is een onmisbaar naslagwerk voor tandartsen, mondzorgkundigen en degenen die hiervoor studeren. Het boek geeft veel praktische informatie over de wijze waarop anesthesie kan worden toegediend en over de intraorale gebieden die bij toepassing van de verschillende methoden zijn verdoofd. De betekenis van deze handeling kan nauwelijks worden onderschat. Enerzijds zorgt lokale anesthesie ervoor dat de patiënt comfortabel en pijnvrij een tandheelkundige behandeling kan ondergaan, anderzijds stelt het de tandarts in staat deze behandeling rustig en geconcentreerd uit te voeren. Grondige kennis van de anatomie, de farmacologie en de wijze waarop

de verdoving moet worden toegediend bij volwassenen en kinderen, is daarvoor onmisbaar. Ook dient men te beschikken over kennis van de lokale en systemische complicaties en het gebruik van lokale verdoving bij medisch gecompromitteerde patiënten. Aan deze tweede, geheel herziene, druk is een nieuw hoofdstuk over computergestuurde anesthesie toegevoegd. Daarnaast is op verschillende plaatsen nadrukkelijk aandacht besteed aan aspecten van veiligheid, milieu en steriliteit en komen ook nieuwe anesthesietechnieken aan de orde. Aan deze tweede, geheel herziene, druk is een nieuw hoofdstuk over computergestuurde anesthesie toegevoegd. Daarnaast is op verschillende plaatsen nadrukkelijk aandacht besteed aan aspecten van veiligheid, milieu en steriliteit en komen ook nieuwe anesthesietechnieken aan de orde.

Fundamental Concepts and Skills for Nursing Susan C. DeWit 2013-01-18 This market-leading textbook offers an engaging format and clear writing style that make it easy to master the basic nursing concepts and skills you need to practice in a variety of care settings. Its nursing process framework, health promotion focus, emphasis on critical thinking, and thorough coverage of communication and patient teaching provide a strong foundation for your nursing education. Full-color illustrations, critical thinking exercises, and practical examples help you strengthen and apply your knowledge of essential nursing concepts.

Kom met mij Indigo Bloome 2013-03-29 Alexandra keert met gemengde gevoelens terug naar haar alledaagse leven nadat ze werd ontvoerd en de hoofdrol speelde in een bijzonder en opwindend experiment. Ze is nu vrij, maar haar gevoelens van opwindning maken plaats voor angst, niet in de laatste plaats doordat haar minnaar Jeremy Quinn nog wanhopig zoekt naar kennis die Alexandra heeft... Ze moet zich

verzoenen met beslissingen die ze tijdens haar gevangenschap heeft genomen en accepteren dat deze haar toekomst bepalen. Op zoek naar antwoorden gaat ze op reis en leert ze over lang vergeten en uiterst spannende rituelen. Zal Alexandra de ware betekenis van vrijheid nog leren? En zal ze nu eindelijk de rol omarmen die ze is voorbestemd te spelen? Kom met mij is het vervolg op *Speel met mij* en *Voel met mij*. Voor de lezers van *Negentig dagen* Genevieve en *Vijftig tinten grijs*.

The Publishers' Trade List Annual 1978

Foundations and Adult Health Nursing - E-Book Barbara Lauritsen Christensen 2013-12-27 Part of the popular LPN Threads series, this comprehensive text includes in-depth discussions of fundamental concepts and skills, plus medical-surgical content to help you provide safe and effective care in the fast-paced healthcare environment. Easy-to-read content, an enhanced focus on preparing for the NCLEX® Examination, and a wealth of tips and study tools make Foundations and Adult Health Nursing, 6th Edition, your must-have text!

Adult Health Nursing Barbara Lauritsen Christensen 2005 CD-ROM content: "audio pronunciation guide, NCLEX-style review questions, critical thinking review, animations, video clips, Spanish-English phrases, a fluids and electrolytes tutorial, the Body Spectrum electronic anation coloring book, and more."--Page [4] de la couv.

Foundations of Nursing - E-Book Barbara Lauritsen Christensen 2013-12-27 Part of the popular LPN Threads series, this comprehensive text prepares you for safe and effective nursing practice in today's fast-paced healthcare environment. Covering maternal and neonatal, pediatric, geriatric, mental health, and community nursing, Foundations of Nursing, 6th Edition, includes all of the essential LPN/LVN content you need. Companion CD includes animations and

audio clips depicting physiologic processes, physical assessment video clips, an English/Spanish glossary with definitions and audio pronunciations, an anatomy coloring book, and a fluid and electrolytes tutorial. The consistent, logical framework of the nursing process connects specific disorders to patient care. A mathematics review chapter provides a complete review of basic arithmetic skills and practice in drug dosage calculation to ensure safe medication administration. Safety Alert boxes help you implement The Joint Commission's safety guidelines in all settings, with considerations for special populations. Nursing Diagnosis boxes, screened and highlighted in the text, include nursing diagnoses for specific disorders paired with the appropriate nursing interventions. More than 100 skills in a step-by-step format with full-color illustrations present clearly defined nursing actions with rationales for the skills and techniques you'll use in practice. Medication tables are meticulously detailed and provide quick access to action, dosage, precautions, and nursing considerations for commonly used drugs. Nursing Care Plans, presented in a case-study format, emphasize patient goals and outcomes and end with Critical Thinking Questions to develop your clinical decision-making skills. Coordinated Care boxes emphasize parameters for prioritizing tasks, as well as assigning tasks to and supervising unlicensed assistive personnel. Patient Teaching boxes and Family Teaching boxes include post-hospital discharge guidelines and disease prevention instructions with a strong focus on three-way communication among the nurse, patient, and family members. Life Span Considerations for Older Adults boxes provide age-specific information for the care of the aging population, which is often the primary focus of the LPN/LVN nurse. Home Care Considerations boxes discuss the issues facing patients and

caregivers in the home health care setting. Health Promotion boxes provide key information on staying healthy and preventing disease, with tips on wellness from Healthy People 2010. Cultural Considerations boxes discuss how to address the health needs of a culturally diverse patient population when planning care. Enhanced focus on the NCLEX® Examination offers end-of-chapter Get Ready for the NCLEX Examination! sections with key points for self-guided study and remediation and an extensive set of review questions for thorough self-assessment. Additional review questions on Evolve provide instant feedback with correct answer and rationale for even more test-taking practice. Evidence-Based Practice boxes summarize the latest research findings and highlight how they apply to LPN/LVN practice. Updated, vibrant full-color design highlights key information and enhances your understanding of important concepts.

Physical Examination and Health Assessment - E-Book
Carolyn Jarvis 2011-05-03 With an easy-to-read approach and unmatched learning support, Physical Examination & Health Assessment, 6th Edition offers a clear, logical, and holistic approach to physical exam across the lifespan. Detailed illustrations, summary checklists, and new learning resources ensure that you learn all the skills you need to know. This gold standard in physical exam reflects what is going on in nursing today with coverage of emerging trends and new evidence-based content. It's easy to see why this text is, far and away, #1 in this market! This item is a stand-alone text. A clear, conversational writing style makes learning easier. A two-column format distinguishes normal findings from abnormal findings, and uses color, step-by-step photos to clarify examination techniques and expected findings. Over 1,000 full-color illustrations present anatomy

and physiology, examination techniques, and abnormal findings. Developmental considerations help in caring for patients across the lifespan with age-specific assessment techniques for infants, children, adolescents, pregnant females, and older adults. Abnormal findings tables include over 300 pathology photos to help in recognizing, sorting, and describing abnormalities. Promoting a Healthy Lifestyle boxes enable patient teaching and health promotion while performing the health assessment. An emphasis on cultural competencies reflects today's care considerations for an increasingly diverse patient population. Documentation examples show how to record assessment findings in the patient's chart, using the SOAP format. Summary checklists provide a quick review of examination steps. Spanish-language translations on the inside back cover highlight important phrases for better communication during the physical examination. A companion Evolve website helps you review key content offering case studies with critical thinking questions, printable health promotion handouts, a head-to-toe examination video, heart and lung sounds, audio chapter summaries, and more. NEW evidence-based guidelines reflect a focus on conducting the most effective, qualitative exams. NEW Substance Use Assessment chapter addresses this increasingly critical aspect of holistic patient assessments. 100 new photos of step-by-step examination techniques include all-new exam panoramas for key systems. 100 new abnormal findings photos provide instant visual cues for findings that are unexpected or that require referral for follow-up care. Expanded chapter on assessment of the hospitalized adult provides a focused assessment of the patient in the hospital setting. New content on obesity provides current information on this growing health problem. Foundations of Nursing Barbara Lauritsen Christensen 2006

Accompanying interactive CD-ROM contains an audio pronunciation guide, NCLEX-style questions, critical thinking review, animat.

Zoals wij nu zijn May Sarton 1973 Getiranniseerd door bekrompen verzorgsters komt een intelligente hulpbehoevende lerares tot een laatste, moedige daad.

Essentials of Pediatric Nursing Terri Kyle 2008 "Essentials of Pediatric Nursing is intended for Pediatric Nursing courses with an integrated pediatric curriculum. It provides a unique concept-based approach and nursing process focus, that helps students go from concept to application by building on previously mastered knowledge from other courses. Organized into four logical units, Kyle: Essentials of Pediatric Nursing covers a broad scope of topics with an emphasis on common issues and pediatric-specific information. In addition, it has a variety of learning features to ensure student retention, such as, Healthy People 2010 boxes, Threaded Case Studies and Comparison Charts highlighting common diseases. Plus, it includes a BONUS CD-ROM and companion website that provide numerous resources for both students and instructors, including video clips of each developmental stage and care of the hospitalized child!

Adult Health Nursing - E-Book Barbara Lauritsen Christensen 2014-04-11 Part of the popular LPN Threads series, this comprehensive text includes all of the vital medical-surgical and anatomy and physiology content you need to know. From an introduction to A&P to discussions of disorders by body system and beyond, Adult Health Nursing, 6th Edition, is an indispensable reference. Companion CD includes animations and audio clips depicting physiologic processes, physical assessment video clips, an English/Spanish glossary with definitions and audio pronunciations, an anatomy coloring book, and a fluid and electrolytes tutorial. Chapters

begin with an overview of anatomy and physiology, providing a clear, basic understanding of A&P that LPN/LVNs need to know. The consistent, logical framework of the nursing process connects specific disorders to patient care. Safety Alert boxes help you implement The Joint Commission's safety guidelines in all settings, with considerations for special populations. Nursing Diagnosis boxes, screened and highlighted in the text, include nursing diagnoses for specific disorders paired with the appropriate nursing interventions. Skills in a step-by-step format with full-color illustrations present clearly defined nursing actions with rationales for the skills and techniques you'll use in practice. Medication tables are meticulously detailed and provide quick access to action, dosage, precautions, and nursing considerations for commonly used drugs. Nursing Care Plans, presented in a case-study format, emphasize patient goals and outcomes and end with Critical Thinking Questions to develop your clinical decision-making skills. An emphasis on communication features real-life examples of nurse-patient dialogue and illustrates practical guidelines for effective communication. Patient Teaching boxes and Family Teaching boxes include post-hospital discharge guidelines and disease prevention instructions with a strong focus on three-way communication among the nurse, patient, and family members. Life Span Considerations for Older Adults boxes provide age-specific information for the care of the aging population, which is often the primary focus of the LPN/LVN nurse. Home Care Considerations boxes discuss the issues facing patients and caregivers in the home health care setting. Health Promotion boxes provide key information on staying healthy and preventing disease, with tips on wellness from Healthy People 2010. Cultural Considerations boxes discuss how to address the health needs of a culturally

diverse patient population when planning care. Complementary and Alternative Therapy boxes includes disorder-specific therapies, precautions, and possible side effects of non-traditional treatments. Enhanced focus on the NCLEX® Examination offers end-of-chapter Get Ready for the NCLEX Examination! sections with key points for self-guided study and remediation and an extensive set of review questions for thorough self-assessment. Additional review questions on Evolve provide instant feedback with correct answer and rationale for even more test-taking practice. Evidence-Based Practice boxes summarize the latest research findings and highlight how they apply to LPN/LVN practice. Updated, vibrant full-color design highlights key information and enhances your understanding of important concepts.
