Niki Lauda Maurice Hamilton 2020-07-16 'Grondig en aangrijpend [...] een passend eerbetoon.' The Sunday Times In 1975 werd Lauda bij Ferrari voor het eerst wereldkampioen. Het jaar daarop was hij goed op weg om zijn titel te verdedigen toen hij op 1 augustus betrokken raakte bij een gruwelijke crash op de Nürburgring. Zwaargewond werd hij opgenomen in het ziekenhuis en er werd gevreesd voor zijn leven. Opmerkelijk genoeg verscheen hij zes weken later alweer aan de start, vastbesloten om te laten zien dat hij terug kon keren op zijn oude niveau. In de jaren die volgden reed hij voor verschillende teams

en wist hij nog twee keer de wereldtitel te veroveren. Maurice Hamilton, die Niki Lauda voor het eerst ontmoette in 1971, schetst het opmerkelijke verhaal van een van de grootste sterren in de geschiedenis van de Formule 1. Gebaseerd op interviews met Lauda zelf, zijn vrienden en familie, rivaliserende rijders en degenen met wie hij later in zijn carrière samenwerkte, is deze biografie van Niki Lauda een uitstekend en definitief eerbetoon aan de icoon die afgelopen jaar op zeventigjarige leeftijd overleed. Met een voorwoord van Nico Rosberg.

Planning for Power Advertising Anand Halve 2005-10-04 This book is a step-by-step guide to producing a sound foundation for advertising: one that will serve as the springboard to inspire powerful creative expression. Rich in cases from the evolving Indian context, Planning for Power Advertising offers an understanding of how strategic advertising is created. It takes the reader through cases and analyses of what worked or did not work in the marketplace. Anand Halve involves the reader throughout in exercises with Action Points at the end of most chapters—an approach that brings alive the concepts within, and helps readers discover the theory in practice. For advertising professionals, this is a manual to create a robust advertising brief. For students of advertising and marketing, Planning for Power Advertising is a simulation exercise from which they will learn how to apply the principles that will help them in their future careers. And for professionals in areas related to advertising—such as media, event management and PR—this book provides an insight into how the strategic underpinning of advertising is built.
